

**Relationship Seminar!** ...a joint offering with *Emmanuel* and *The Table*

**Saturday, July 19** from **9:00am-Noon**

**“Relationships: our deepest needs and reflexive patterns”**

w/ Carlos and Dawn Taloyo

We all come in to the world and are formed by our relationship with our caregivers and families. So we use Family Systems and Attachment theories to deepen our understanding of the “logic” of how relationships work from an early age, either in families or with significant others. In this 3-hour seminar, couples will remember what fueled your connection and come away encouraged in your relationship. Singles will gain language and tools for current and future relationships.

**Carlos Taloyo** completed undergraduate degrees in philosophy and psychology at University of California, Irvine. He completed his PhD in Clinical Psychology and an MA in Theology at Fuller Theological Seminary. Before transitioning exclusively to working in a private practice setting, he was professor and Director of Clinical Training at George Fox University’s PsyD program. In addition to his new and deepening love for psychoanalysis, his professional interests include group therapy, the integration of psychology/theology, and multiculturalism. In his free time, he indulges in Pokemon GO, Old Fashioneds, and Louise Penny’s Armand Gamasch murder/mysteries.

**Rev. Dawn Taloyo** serves as the Associate Superintendent of the Pacific Northwest Conference for the Evangelical Covenant Church. She is Ordained to Word and Sacrament and completed a Master of Divinity degree at Fuller Theological Seminary with a specialization in spirituality and spiritual direction.
